PROFILE

I am an Animation and Multimedia graduate interested in visual design, animation, storytelling and AI-assisted creative production. I enjoy turning ideas into visual concepts and developing stories through writing and creative experimentation. I am currently exploring entry-level, trainee and internship opportunities where I can contribute, learn and grow.

EDUCATION

B.Sc. (Animation & Multimedia)
IIFA Lancaster Degree College, Bengaluru
September 2022 – September 2025

CGPA 8.616 / 10
Distinction

CREATIVE SKILLS

Creative areas: Graphic design · 3D modelling · Animation · Video editing · Screenwriting · Visual storytelling
Software: Canva · Autodesk Maya · Unreal Engine · DaVinci Resolve · Adobe Photoshop · Celtx

AI-ASSISTED CREATIVE PRODUCTION

ChatGPT · Claude · Google Gemini · Google Flow · Higgsfield AI · SUNO
Exploring AI-assisted image generation, video creation, animation concepts, story development and music/song generation.

SELECTED CREATIVE WORK

Graphic design & visual studies	Personal design explorations including Book Monk logo variations, character-inspired artwork and poster/album-cover compositions.
I-RECCO visual work	Visual layout and cover/design material included in the portfolio collection.
NAN PIZHAI – Our Mistake	An unfinished screenplay; the 18-page rewrite is the latest draft, following an earlier 57-page version.

CAREER DIRECTION

Open to suitable entry-level roles, internships and trainee opportunities across creative and multimedia-related work.
